

P.A.Pandya Endowment Lecture

DELHI CHAPTER

P. A. Pandya Endowment Lecture of Indian Physics Association (IPA) was organised at Sri Venkateswara College), Benito Juarez Road, Dhaula Kuan, New Delhi – 110021 on March 17, 2011. Dr. Anant Pandey, Teacher-in-Charge, Department of Physics was the local organiser at the college. The lecture Hall was overflowing with students and teachers from various institutions of Delhi. Dr. (Ms.) P. Hemalatha Reddy, Principal of the college welcomed the students and dignitaries attending the Lecture given by Prof H. S. Hans, eminent Nuclear Physicist, Department of Physics, Panjab University delivered the talk titled “**Neutron**

Induced Reactions – A Perspective”. The talk was followed by lively discussions. The audience was amazed seeing the enthusiasm and devotion in research activities of Prof Hans at the age of about 87 years. A lot of discussion continued during the high tea arranged by the college after the lecture and discussion.
